Discussions/Comments:

(73) observed Pack & Play where infant naps to have a mattress that is not snug or tight to the edges of frame - also causing sheet to be loose

(74) observed pacifier infant is napped with to have a Wab a Nub attached to it

Discussed - Provider must come into Compliance Immediately with First Aid & CPR training (scheduled next month)

- supervision and being able to hear children at all times
- Gate for stairs into & out of garage (playspace) to deny access to children when not in use
