Purpose of visit: Partial inspection to ensure the mitigation system installed to monitor/reduce air contaminants is turned on and working.

Observations/Corrections needed:
System is located on the program's roof and is controlled by a thermostat in the hallway in the program. The system appears to be on and working at this inspection.

Observed these violations during my inspection
19a-79-3a- Program did not ensure the health and safety of the children
was when room Dorothy infants had 4 children sleeping without any staff
in the room.

19a-79-3a(5)(10)- Observed 4 children sleeping and no staff in room
to supervise. There was 6 children in Dorothy toddlers with 2 staff which
connects to this room with gate closed. The director stated she thought
between both rooms there was only 8 children.
