DISCUSSIONS:

Basement is where childcare will be given. The bathroom that children will use is located upstairs, it was discussed to ensure the stairs leading to the basement are protected when using the bathroom and that supervision is required to avoid children wandering to other parts of the home. Provider has protected kitchen cabinets as it is in proximity to the bathroom.

No pets in the home. A neighborhood cat lingers outside of the home but it's not owned by the provider and never enters the home.
