Discussions:

Applicant stated at some point she would like to replace fencing to bar access to busy road. As a reminder, notification of change would need to be submitted within five days and inspection would need to be done.
 Discussed with provider primary entrance is near parking area near where garage is located. Applicant is tenant and at times, other tenants lock the door, OEC specialist can enter via front door. However, children will not be using front door for pick up or drop off.
