DISCUSSIONS:

Discussed:

Water left in the pool and possibility of stagnant water breeding mosquitos.

Measuring sides of the pool to ensure that they remain at least 48 inches high.

Gardening tools being put away and not left out where daycare children can access them.

Adding staff to roster and getting their roles correct on the roster.

Have son's adult medical form completed when he turns 18.

Parents need to review enrollment and permission forms yearly to ensure information is correct (parents can initial and date at the bottom that the information was reviewed).

NOTE: Any items left blank on this form were not monitored during this visit- only the regulations marked as compliant or non-compliant were monitored or discussed.
