DISCUSSIONS/COMMENTS			
<p>Upon arrival the provider was observed leaving the program as she had a scheduled appointment. Substitute DCFS 92476 and DCFS 90675 were observed caring for 8 preschool children. Although there is a small table that sits 6 in the program, 7 children were observed sitting on high chairs. Some having breakfast and other playing with play dough. Specialist spoke to the provider and reminded her that the appropriate use of the high chairs are only for eating, it was also suggested to eliminate some of the chairs as they are taking space from the daycare area and minimizing space that can be used by the daycare children. DCFS 90675 BCIS status is under WSP. She was informed she needs to contact BCIS. The provider was given this information during last year's annual inspection. The provider arrived before inspection concluded and exit interview was discussed with the provider.</p>			
<p>NOTE: Any items left blank on this form were not monitored during this visit- only the regulations marked as compliant or non-compliant were monitored or discussed.</p>
