DISCUSSIONS/COMMENTS			
<p>•At today's visit the provider shared with specialist that she was caring for one child as a favor to another provider. She stated she had forms for the child, but during the visit, the provider's staff went downstairs to retrieve the forms from a person dropping them off. The enrollment forms were all completed but the child's exam was not current. Discussed when doing favors to ensure all documents are up to date for drop in care.</p> <p>•Specialist emailed administration of medication policy to the provider during the visit.</p> <p>•Specialist also emailed MAR to the provider during the visit.</p> <p>•In the bathroom the cabinet was unlocked and there were chemicals under the sink. Even if children are supervised at all bathroom visits, chemicals should be inaccessible. A discussion was had for storage of personal items in the bathroom as the regulations state hazards include but are not limited to cosmetics, toiletries etc.</p>			
<p>NOTE: Any items left blank on this form were not monitored during this visit- only the regulations marked as compliant or non-compliant were monitored or discussed.</p>			
<p>APPLICANTS- PLEASE NOTE: You <u>MAY NOT OPERATE</u> until all requirements have been met and a license has been issued by the Agency.</p>
