**DISCUSSIONS/COMMENTS**

As the location is an approved incubator site, it was discussed to have a thermometer on the wall, no higher than three feet from the floor to adequately measure room temperature.  
 It was discussed to have a pet plan in place as this is not a home, it is an incubator site.  
 Capacity was discussed that it must be held at all times even if the program is located in a comercial building with 3 other incubator programs.  
 Supervision was discussed for Elevator use. No children may use it alone.  
 Discussed to bring First aid outside and communication devices outdoors.  
 Put a covered Trash in bathroom 2.

**NOTE:** Any items left blank on this form were not monitored during this visit- only the regulations marked as compliant or non-compliant were monitored or discussed.
