DISCUSSIONS/COMMENTS

Discussed outdoor plan for supervision in new home. There are 6 apartments in this building. The provider will supervise children outdoors in the back lot and has a barrier for children to be protected by cars parking. There is also a back patio that provider will use to play, it is covered and protects against cars or the elements. The bathroom has box of items from the move into the home, provider must move all items and ensure the bathroom is accessible for all children.

NOTE: Any items left blank on this form were not monitored during this visit- only the regulations marked as compliant or non-compliant were monitored or discussed.

APPLICANTS- PLEASE NOTE: You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
