DISCUSSIONS/COMMENTS

Follow-up visit was completed today; provider has installed a door on the deck area that leads directly to the pool along with a self-closing/self-latching lock on it. Provider also has an additional key/combo lock for additional security installed at the bottom of it as well
Provider was reminded today that the gate must remain at the bottom of the stairs on the lower level of the backyard area at all times so the children are unable to go up the stairs to the second level of the backyard area where the pool is located
***Provider is still working on correcting violations # 21 (criminal background check for a household member who is currently away at college) and # 46 (water temperature)
DCFS.92106 was also present during today's follow-up visit
