DISCUSSIONS/COMMENTS

***Follow-up visit was completed today; there are still observable hazards in the backyard play area. The only hazard that was corrected was that of the screw drivers as they were observed to have been removed and were not observed during today's follow-up visit.
 *** Water temperature was also observed to still be too hot (122.0 degrees).
 *** Provider is still working on correcting the remaining violations and states parents/guardians will be completing/submitting the remaining documents by the end of the week.

NOTE: Items left blank on this form were not monitored during this visit.
 Only the regulations marked as compliant or non-compliant were monitored or discussed.
APPLICANTS: You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
