---------------------------------	---

DISCUSSIONS/COMMENTS

*****Initial inspection was completed today; applicant will be using the living room area for care and one of the spare bedrooms in the home for napping the children. Entrance to the daycare will be through the side door of the home.**
*****All regulations were discussed in great detail with the applicant including safe sleep, supervision, administration of medication, notification of change, and approved use of substitute.**
*****All required sample documents were also left with the applicant. A copy of the regulations was not left as the applicant had her own physical copy of the regulations already.**
****Sleep sacks were also left during today's visit.**
****Applicant does not reside on a busy street but the backyard area where the children will be playing is fenced in.**
****Applicant understands the basement cannot be used for childcare at this time as it does not have the appropriate forms of egress at this time.**

NOTE: Any items left blank on this form were not monitored during this visit- only the regulations marked as compliant or non-compliant were monitored or discussed.

APPLICANTS- PLEASE NOTE: You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
