DISCUSSIONS/COMMENTS

Dcfs:92314
Dcfs:92210

Discussed:

- ensuring all children's documents are available, in the childcare facility.
- ensuring that the daycare is kept separate from the other childcare on the first floor, and that providers stay in their own licensed space.
- discussed and reviewed with the provider on how to read children's physicals and documents to ensure that if a child has medical needs, the provider knows what to look for in the documents and discussed the documents or supplies to ensure the child has everything needed while in care.

IMPORTANT NOTES

- *It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.*
- *Only the regulations marked as compliant or non-compliant were monitored or discussed.*
- *APPLICANTS –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.*
