DISCUSSIONS/COMMENTS

Specialist discussed with provider that a meeting with a child's parent that requires rescue medication needs to take place as soon as possible if she wants to continue caring for the child, and she needs to document what she will do in case the child has an emergency before she gets MAT trained.
 Specialist also informed the provider that she needs to schedule the MAT training as soon as possible.
 The provider has to ensure that the child has the rescue medication in the program as it was not observed.
 Once specialist requested to see the MAT certificate the provider informed the specialist that her MAT certification had expired, then she said she threw it in the garbage, and then she said she maybe put it in a box in the basement. She was informed that she could be cited for withholding requested information and she stated she understood and if she found it she could send it "tomorrow."

IMPORTANT NOTES

- It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
- Only the regulations marked as compliant or non-compliant were monitored or discussed.
- **APPLICANTS** –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
