DISCUSSIONS/COMMENTS

Discussed with provider the following-

- Water hose outside near children's play area may cause a tripping hazard.
- Ensure supervision when children are playing in outdoor area, observed grilling station containing closed bottles of alcohol far from children's play area. (1 child present at beginning of inspection was not observed playing outside).
- Substitute application may be found online, must follow all requirements to get approved.
- All children's enrollment documents should be up to date and complete. Enrollment forms are found online.
- Importance of practicing and documenting emergency drills four times a year.
