19a-79-10 (1)	NOTE: Your response should include a clear concise explanation of the changes the program has made to correct the violation to ensure compliance. At no time should any toddlers be on the preschool playground if there is a child . I sat with all the teachers and explained that the equipment on the playground is approved for children older and it is a safety issue if the younger children are allowed on the playground with such equipment. The schedule that we have will be adhered to each day.	11/6/2024	✓
19A-79-10 (1)(cont)	Once our youngest current toddler turns 2 then the children will be able to play on that as our equipment is for 2 to 7 years. old. Our youngest current toddler is 22 months old. This was reviewed and discussed with all the teachers not just our toddler teachers by me.	11/6/2024	✓
