DISCUSSIONS/COMMENTS

There is space in the program for a capacity of 4+2, if the provider uses porch as initially suggested there is only capacity for 4 children. The provider identified an alternate outdoor play area, and will submit appropriate plan of safe transportation to and from the park. Capacity pending supervisors approval.
 Influenza requirements explained to the provider at the time of inspection.
 The provider will use living room and part of her dining area to provide childcare. A large futon was observed in the living room, provider will rearrange the living room.

IMPORTANT NOTES

- It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
- Only the regulations marked as compliant or non-compliant were monitored or discussed.
- **APPLICANTS** –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
