DISCUSSIONS/COMMENTS**Discussed:**

Once ice melts, make sure all containers (including tires in play space) are emptied of all standing water. Follow all manufacturing instructions for equipment being used, including climbing, sliding and swinging equipment in indoor play space.

Add incident log to all children's files, even if it is blank.

Ensure that children are going outside on a daily basis.

Requirements for vaccinations were discussed in detail and children can not be in program without proof of required age appropriate vaccinations on file.

Make sure to have access to the BCIS Roster, can print it and keep a copy on file.

Written daily schedule needs to be on file and accessible during inspections.
