DISCUSSIONS/COMMENTS

-Have parents/guardians review enrollment forms annually for any changes
 -CPR/First Aid expiring 10/14/2025 and Epi Pen Training expiring 3/20/2026
 **While completing full inspection today, provider asked if her basement can be used for child care as she has it set up for care in case it can be approved. Specialist inspected basement and the main room that would be used for child care has 2 means of egress (stairway that leads directly to the front door and a window measuring 27 inches wide and 32 inches in height that leads directly to the ground level of the front yard). An additional room will be used for napping the children and there are 2 means of egress as well (doorway that leads to the stairway that leads to front door and a window measuring 25 inches wide and 30 inches in height that leads directly to the ground level of the side of the home).
 Provider is approved to begin using the basement for care as it is all set up for care

IMPORTANT NOTES

- o *It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.*
- o *Only the regulations marked as compliant or non-compliant were monitored or discussed.*
- o **APPLICANTS** –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
