DISCUSSIONS/COMMENTS

All items on the list were discussed.
 Applicant has two rooms indoors dedicated to child care in the first floor, plus a bathroom in the same level. Outdoor area is fenced-in. Applicant has gates at the two entrances of deck, at the top. Discussed keeping the gates at the top whenever children are in the deck, and at the bottom of stairs when they are in the backyard/ play area.
 Access to stairs to the basement are blocked by a gate in the child care room in the middle of the house, and the door to basement was also locked.
 No access to the second floor for children of the program.
 Discussed with applicant the option to request a Technical Assistance (TA) visit after approval of license, possible October// November, applicant to contact the specialist if interested on having one TA.
