DISCUSSIONS/COMMENTS

The Applicant provider will be using a playroom on her property that is not attached to her home for her DCFH. A detached garage was converted to a playroom in 2009. A Building Permit from the Town building official was observed and a copy was obtained at Inspection. All regulations were discussed with the applicant provider.
 Sufficient exits observed, a bathroom/ sink and covered garbage observed, smoke alarms and carbon monoxide detectors observed. Safe sufficient space observed in the playroom/daycare space.

IMPORTANT NOTES

- *It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.*
- *Only the regulations marked as compliant or non-compliant were monitored or discussed.*
- ***APPLICANTS** –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.*
