**DISCUSSIONS/COMMENTS**

Discussed with provider if she plans to continue having an active license she understands childcare space must be in compliance with all family childcare statutes and regulations. Provider understands a safe space must be available to children even if children are not currently enrolled. Provider understands all required postings must be visible and in a conspicuous place for parents and agency to observe. Provider was reminded background checks must be done every five years and licensing specialist guided her on the use of BCIS. Violations previously cited via letter on 6/27/25 are removed, as provider ultimately responded to prior multiple attempts to reach her. Provider understands importance of timely response to OEC moving forward.

**IMPORTANT NOTES**

- *It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.*
- *Only the regulations marked as compliant or non-compliant were monitored or discussed.*
- *APPLICANTS –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.*
