DISCUSSIONS/COMMENTS

Discussed new regulations and provided information on accessing sample policies/ procedures & coordinating checklist to comply with October 2024 regulations. Discussed engaging interior shutters when playroom is in use as there's no documentation of glass protection on windows & adding statement/ informational handout on safe sleep policy for infant parents. Discussed possible capacity increase if another toilet for children is added or a supervision plan for staff/ children to share staff bathroom is created. Program would need to submit a change form, sketch of building/ rooms, local health, fire marshal approvals as well as OEC approval prior to increase of capacity.

NOTE: * Items left blank on this form were not monitored during this visit. * Only the regulations marked as compliant, non-compliant or not applicable were monitored or discussed. * It is the operator's responsibility to ensure compliance with all local codes and ordinances.
