DISCUSSIONS/COMMENTS

Discussed with provider importance of ensuring background check is current, and understands she may not care for children alone without a current background check. Provider understands substitute must be present and may not care for more than 6 children even with substitute present until background check is current. Provider understands all children must have all vaccines up to date. If a child has a medical exemption it must be completed by a pediatrician. Religious exemptions are no longer acceptable. One child present without any vaccines. Provider understands parents may also provide a catch up schedule as documentation from pediatrician. Provider understands all children must have flu vaccine by December 31st.
