DISCUSSIONS/COMMENTS

The capacity of the family home care is 6 regular children and 3 before and after school. The OEC representative did not observe peeling paint. No test was required. The children's care area is located in the first floor. Each of the two playrooms has two exits, the bathroom is on the same level, and there is a fenced outdoor play area in the back yard. The applicant and her husband reviewed the OEC regulations which include guidelines on safe sleep (using pack-and-play), capacity, supervision, medication, and documentation. She received the enrollment packet, two SleepSacks, safe sleep in day care flyers. She was informed that about available technical assistance opportunities.

Discussion:
Outdoor supervision and maintenance of the grass

IMPORTANT NOTES

- *It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.*
- *Only the regulations marked as compliant or non-compliant were monitored or discussed.*
- **APPLICANTS** – You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
