DISCUSSIONS/COMMENTS

81. Provider is not in compliance with providing supervision at all times when, provider was asleep while the child napped. When knocking on the door originally and rang the door the provider did not answer the door. I the went around and knocked on both the side door and front door, no one answered. I went back down towards the back of the home where the daycare is, knocked and rang the doorbell again and the provider then opened the door, observing the mattress on the floor near, the provider was asked if she was sleeping and she confirmed that she was, and didn't hear when the door bell was rang and door was knocked.
