DISCUSSIONS/COMMENTS

Discussed the following with the provider:

- unlocked bathroom cabinet with cleaning supplies on second level where children would use bathroom.
- uncovered garbage can on second level in bathroom children would use. Provider stated there is a can she will bring down from the third floor.
- ensuring gate next to wall on bottom stairs on main level is installed properly if children are enrolled. Per provider she brings up gate to second level and installs it if children were to utilize bathroom on second level.
- importance of ensuring every level of home has a carbon monoxide detectors.
