DISCUSSIONS/COMMENTS

Discussed the following with the provider: - Flu shots are due by December 31st - ensuring child health records and immunizations are current - the importance of infant safe sleep. Infants cannot sleep in bouncy seat/chair. Observed infant sleeping in bouncy chair when we came in from outside play area with other children; infant was inside for 15 minutes with substitute (92541) for bottle feeding. Nothing can be in the crib while the infant is sleeping besides pacifier not attached. Observed an infant sleeping with a bib, not on, but next to them, in the crib. - ensuring any children with special needs, feeding preferences, etc. have written care plans documented. Observed two child enrolled, one with a g tube and one with autism, with no care plans. - the importance of staying current and up to date with OEC website and all notices. No developmental milestones posted; provider printed and posted during inspection.
