DISCUSSIONS/COMMENTS

***During initial inspection on 12/17/2024; specialist had advised provider she was unable to use the back room in the basement for napping as she originally planned as there was no second means of egress. Provider showed specialist that the door has since been removed along with the small piece of the wall that was directly adjacent to it allowing for a wider opening. Specialist advised provider and confirmed with Supervisor E. Ruiz that the back room still cannot be utilized for childcare as it still does not have a second means of egress as the only change made to the back room was the enlarging of the doorway (the only exit) that was already there. Provider stated she understood and will continue to block off the room. *Provider has a crib in storage that was reviewed by specialist. Provider was advised she is unable to utilize it for child care as I could not verify the manufacturing date as sticker had been removed and she did not have any additional paperwork available for it. Provider understood and stated she will continue to utilize the pack n plays to nap the infants. -First Aid/CPR Training expiring 6/22/2026 -Reminder: Flu vaccines for upcoming flu season needed by 12/31/2025 -Have parents/guardians review enrollment/written permissions annually for any changes -DCFS. 92684 was not present and assisting during today's full inspection**

IMPORTANT NOTES

- *It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.*
- *Only the regulations marked as compliant or non-compliant were monitored or discussed.*
- ***APPLICANTS** –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.*
