DISCUSSIONS/COMMENTS

During inspection did not observe any violations. Observed two space heaters in childcare space, provider moved both heaters to other side of kitchen counter area, out of the reach of children. Upon arrival provider was coming from upstairs stating she was gathering papers for the visit from the nutritionist. The following staff was present during inspection: DCFS 92909 and DCFS 92703. The cleaning woman was also present cleaning second floor level. Discussed with provider importance of always maintaining compliance with capacity, ensuring all staff are aware of all children present while providing adequate supervision and ensuring provider is truthful at all times when licensing specialists requests information. Provider stated she understood and will communicate with OEC if she has any questions in the future.

IMPORTANT NOTES

- It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
- Items left blank on this form were not monitored during this visit. Only the regulations marked as compliant or non-compliant were monitored or discussed. Providers are required by statutes and regulations to be in compliance at all times.
- APPLICANTS –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
