DISCUSSIONS/COMMENTS

Discussed the following with the provider: __Flu shots are due by December 31 for children under 5 years of age. __Provider shall allow OEC immediate access during customary business hours to the facility listed on the license whenever the Office seeks to perform an access. Any failure to allow immediate access during customary business hours to the facility is deemed substantial noncompliance with this regulation and can result in license suspension or revocation. Provider is aware of regulations that inspections can be unannounced. __During inspection, when a toddler of 16 months old was present observed perfumes on bathroom sink accessible to children when handwashing. Provider understands perfumes must be removed when children are washing their hands. __Provider is aware children cannot sleep on bean bag; they must be sleep on equipment specifically used for sleeping; such as a crib, cot, sleep mat or pack-n-play. Provider demonstrated pack-n-play during inspection; stated she will use the pack and play and a sleep mat when two children are present for nap time. __Prior to license expiring, ensure all documents are submitted and ensure license is active prior to operating. Provider understands to check email frequently for all OEC communication and notifications.

IMPORTANT NOTES

- It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
- Only the regulations marked as compliant or non-compliant were monitored or discussed.
- **APPLICANTS** –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
