DISCUSSIONS/COMMENTS

Provided program with Policy Review Checklist with updated wording per regulations updated 10/2024. Provided program with highlighted Inspection Forms to show newer regulations, with Regulation Guideline Update Form. Provided program with updated Complaint Procedure for posting. Advised files for siblings to check authorized pickup lists, that parents have included pickup for each child (program transferred names for 2 observed files during inspection). Advised to keep MAR forms with medications where stored for if medications are administered during program hours. New Staff Orientation not observed in staff files. All Staff have received policies and procedures training, updated in 2024/2025 school year and are current with annual policies and procedures training for this school year. Advised to conduct annual drills for multi-hazards (Fire, Lockdown, Evacuation, Weather/Shelter in Place, Medical) and keep documentation on site. OEC Registry observed to not be current per guidance regarding health and safety orientation. Observed that 6/6 staff files have all the required documentation for compliance (CPR, 1st Aid, Med Admin Cert and Partial Topics Training). Program reports difficulty acquiring administrative access to the registry and that they have been working with staff at OEC to bring the items current.

NOTE: * Items left blank on this form were not monitored during this visit. * Only the regulations marked as compliant, non-compliant or not applicable were monitored or discussed. * It is the operator's responsibility to ensure compliance with all local codes and ordinances.
