DISCUSSIONS/COMMENTS

Discussed transition of Under 3 child to 3s Room. During transition, ratio was maintained for under 3/toddler. Parents aware of the authorization documentation to be signed when the child is transferred to the 3s Room in January of 2026.__Program shared that they have LifeVac equipment on premises. Advised that LifeVac is not a part of State of CT OEC CPR/1st Aid classes and that proper training for the device must be attained. The LifeVac is only to be used as a last resort by a trained staff member. Parents/Guardians must be made aware that LifeVac is on premises, staff who are trained and that it is a last-resort option for use. Keep signed documentation on site.__Snow and ice observed in outdoor play area, but evident that there is an adequate layer of wood chips below climbing equipment. Program will ensure that green spider climber is safe for climbing, not too loose at top section (based on age, weight of child using equipment) and blue roof is properly affixed on the pink playhouse.__Observed storage of Boppies on edge of a crib and hanging child items storage (backpacks and coats) to be over the same crib when cribs were not in use. Observed napping later during inspection and all items were put safely, removed from area completely during crib use. Staff will find another location for Boppies storage for best practice.__PreK 5s room, observed to have a "calming corner" that is on an elevated window ledge (22 inches) During visit, program put mats below the potential fall zone for this area for safety padding.__OEC Registry has a staff member listed twice (with two different dates of hire). One shows as compliant. One does not. Program will have individual staff member access registry account to maintain compliant and current employment.__Observed consultant agreements to be recently expired (12/10/25). Program received updated Education and Health Agreements during visit.__Provided program with inspection forms, highlighted with most recent regulation updates (10/24). Policy Review Checklist shared with program; will ensure policies and procedures are updated. They were monitored 1/8/25 by previous licensing specialist.

NOTE: * Items left blank on this form were not monitored during this visit. * Only the regulations marked as compliant, non-compliant or not applicable were monitored or discussed. * It is the operator's responsibility to ensure compliance with all local codes and ordinances.
