DISCUSSIONS/COMMENTS

Provided 11/27/24 policy checklist to update program's written policies. Provided current complaint procedure for posting. Provided list of current items to post and items that are no longer necessary to post. Post menus in main board. Observed staff currently on site to have work-supervised status through BCIS. Ensure that WS status staff are stationed in areas with staff who maintain UTD background checks. Enrollment documentation for children observed to have empty lines, score through empty fields. 1/10 child files observed to have parents listed as authorized p/u. Ensure at least one non-parental authorized release provided. Program states that program participants do no swim during program time (policy and permissions available). Program states they no longer prepare food on premises. Outdoor play area observed to have fence 4ft.+ around perimeter. When children are playing outside, close front gate to maintain fence height compliance (play structure barrier and staircase railings are not tall enough). Busy street hazard. Preschool areas during nap time require additional lighting (lanterns currently used, no windows)

NOTE: * Items left blank on this form were not monitored during this visit. * Only the regulations marked as compliant, non-compliant or not applicable were monitored or discussed. * It is the operator's responsibility to ensure compliance with all local codes and ordinances.
