DISCUSSIONS/COMMENTS

Due to the excess amount of snow covering the outdoor play area, the outdoor area could not be thoroughly inspected for hazards. The specialist will schedule a follow-up inspection with the prospective provider to thoroughly inspect the outdoor play area as soon as weather permits. Any violations cited during the follow-up inspection will need to be corrected immediately. Discussed maintaining evidence of flu vaccination for all eligible, enrolled children between the ages of 6 months and 59 months by December 31 annually. Discussed encouraging parents to review their children's enrollment paperwork annually to ensure that all enrollment information is accurate.
