DISCUSSIONS/COMMENTS

Discussed replacing the batteries in one of the smoke detectors in the basement. Due to the excess amount of snow covering the outdoor play area, the outdoor play space utilized by children could not be thoroughly inspected for hazards. The specialist will schedule a follow-up inspection with the provider to thoroughly inspect the outdoor play area as soon as weather permits. Reviewed how to develop and implement a written individual plan of care for an enrolled child who was recently diagnosed with a speech delay as noted by their pediatrician on the child's current health record. Discussed encouraging parents to review their children's enrollment paperwork annually to make changes as needed.
