DISCUSSIONS/COMMENTS

Discussed with provider the following: __ - Unable to observe outdoor playground due to snow, will conduct an unannounced follow up weather permitting. __ -The importance of ensuring any child with special needs or medical needs has an individual care plan. __ -The importance of ensuring any child with medical needs/diagnosis has current prescription medication on site, a medical authorization form and prescription medication with prescription label. Provider must revise every child's health assessment to ensure it is current and meets requirements per CT STATE Statutes and Regulations. __ -Observed a walker in childcare Dream On Me brand model 405X. Acceptable on the way it was being utilized with front wheels removed and stoppers installed per manufacture guidelines. __ -Provider shared she plans to move back to previous home and change license to new address. Licensing specialist reminded her she must complete change of address documents, notification of change and a water lead test. Notification of change must be submitted within five business days to OEC. Provider understands she may not transfer license until it is approved by OEC.
