DISCUSSIONS/COMMENTS

The childcare area is located on the first floor with a fenced outdoor play area and the bathroom is on the same level. The provider has a basement that is not approved for childcare. The capacity 6/3. The provider received the new Infant Sleep Policy, Records to be Maintained on Premises, and flyers about Safe Sleep in daycare. The provider mentioned plans to move the childcare to the basement in the future and was informed that an inspection would be required to approve the basement for childcare.
