**DISCUSSIONS/COMMENTS**

CO Detector travels in first aid bag to other indoor locations. No children currently enrolled requiring injectable medication. If a child enrolls with this medication, program staff will need a current training/certification to administer. Administrative Oversight added to postings at time of inspection. Observed two child enrollment forms (siblings) to have parents listed as authorized release, Program to ensure a non-parental pickup person added to file. Program to ensure current staff at location are added to the OEC registry for the health and safety orientation report to be current (staff no longer working at location to be removed) Program to upload UTD certifications to registry. Program provided with UTD records to be maintained on premises document, and document showing how long documents/records should remain on site.
