**DISCUSSIONS/COMMENTS**

Did not observe any hazards present in provider's backyard. Observed a pool in neighbors yard near provider's yard. There is no fence between yards allowing children access to pool. Per provider's statement she will provide documentation of measurement of pool. If pool is under 4ft provider understands a barrier of four feet must be installed to prevent children access from pool. Of there is a gate, the gate must have a key or number lock combo. Per provider, she stated she plans to install a fence surrounding yard. There was not a ladder observed by the pool.

**IMPORTANT NOTES**
