DISCUSSIONS/COMMENTS

Outdoor play space was previously covered with snow and required a follow-up inspection. Play space was in compliance during this visit. The construction was completed on the kitchen and is also in compliance for safety. Provider plans to start napping children in bedrooms in the main part of the home and stated that she will remain in that section of the home with all children during that time to monitor them.

IMPORTANT NOTES

- It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
- Items left blank on this form were not monitored during this visit. Only the regulations marked as compliant or non-compliant were monitored or discussed. Providers are required by statutes and regulations to be in compliance at all times.
- **APPLICANTS** –You MAY NOT OPERATE until all requirements have been met and a license has been issued by the Agency.
