DISCUSSIONS/COMMENTS

Provider does not have children enrolled in her program yet. The provider's above-ground pool was observed in compliance during today's follow-up inspection. However, the specialist observed a deep trench extending from the bottom of the above-ground pool to the home exposing wiring from the pool to the home. The provider stated that she has plans to fill the trench the week of 03/23/2026. The provider understands that until the trench is filled with soil and safe for children to play on, she must use the deck area as a temporary outdoor play space for children.

IMPORTANT NOTES
