**DISCUSSIONS/COMMENTS**

Discussed practicing and logging in to BCIS - Per Provider, she is interested in adding more infants/toddlers, adding an approved substitute to her staff and roster. Provider attempted to log into BCIS and was locked out. Licensing Specialist provided BCIS help resource sheet, so she can have access to her account. Provider understands if she enrolls more infants/toddlers under 18 months of age, she will need an approved substitute here during those hours. Discussed ensuring enrollment forms and written per mission forms are filled out completely. Observed one child's permission forms without a check mark indicating the Provider and parent had discussed emergency permissions. Discussed moving 5 month old infant during napping times to a quieter space upstairs on Level 2 of home. Room has 2 safe exits and can be used for napping. Provider will need to install gate at top of Level 2 stairs.

**IMPORTANT NOTES**

\* It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.  
 \* Only the regulations marked as compliant or non-compliant were monitored or discussed.
