DISCUSSIONS/COMMENTS

Discussed the following with the Provider: Provider's daughter is pregnant and due next month; explained in detail the process of sending OEC a notification of change, via online or paper format once the baby is born. Explained that infant will be included in Provider's capacity. Provider stated two children enrolled have not been in care due to mother's maternity leave since approximately February 2026. Observed Lysol wipes, Lysol can and air freshener above toilet in bathroom children would use; once children come back to care, Provider will move cleaning chemicals. Provider is missing one logged emergency drill in 2025. Once enrolled children come back to care, Provider understands she will need to conduct emergency drill and document. Discussed Shelter in Place/Lockdown Procedure; Licensing Specialist gave Emergency Plan Sample Form to Provider to update and post.

IMPORTANT NOTES

* It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
 * Only the regulations marked as compliant or non-compliant were monitored or discussed.
