DISCUSSIONS/COMMENTS

Discussed following manufacturer guidelines for playards by attaching mattresses underneath when applicable. Showed provider how to print BCIS roster. Contacted BCIS to check on status of adult household member. BCIS stated status should update to "current" by next week. Advised provider to monitor BCIS roster for updated status and to reach out to BCIS if status is not updated by the end of next week. Discussed with provider that only licensed staff may give direct care to children. Also discussed with provider that gasoline cans in the barn near the outdoor playground should be stored higher to prevent accessibility to children. Supplied provider with an updated infant sleep policy and a blank copy of the authorization for the administration of non-prescription topical medications.

IMPORTANT NOTES

- * It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
- * Only the regulations marked as compliant or non-compliant were monitored or discussed.
