DISCUSSIONS/COMMENTS

The licensing specialist reminded the provider that her background checks will expire on 9/22/2026. The licensing specialist provided a sample medication administration policy, a blank individual care plan, Birth to Three flyer, and a list of required documents to be kept on the premises, and a checklist for child records in family child care homes. The change inspection for large family endorsement was also conducted today. One of the licensing specialists present during today's inspection sent the provider an email with sample policies. The lead licensing specialist will send the provider an email with the measurements for indoor and outdoor large family capacity. The licensing specialist explained that the provider's large family indoor capacity is 12 children. The licensing specialist explained that the provider's large family outdoor capacity is 11 children. The provider understands that she must develop a policy for ensuring that she is within capacity when children utilize the outdoor play area. The large family endorsement will be approved upon receipt of a complete and acceptable corrective action plan.

IMPORTANT NOTES

* It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
 * Only the regulations marked as compliant or non-compliant were monitored or discussed.
