DISCUSSIONS/COMMENTS

Observed 1 of 2 flu vaccinations to be unavailable. Child enrolled in the program February 2026 & health consultant advised program that child didn't need the vaccination as he entered into the program after 12/31/25. Program understands that any child over 6 months of age must show proof of flu vaccination regardless of when the child is enrolled for the current year & will ensure documentation is on site. Discussed adding bathroom & ceiling vents to maintenance list & spot checking diaper tables & hand wash sinks for items unrelated to diapering.

Were Violations cited during this visit? Y or N?	No	NOTE: * It is the operator's responsibility to ensure compliance with all local codes and ordinances.
