DISCUSSIONS/COMMENTS

Full inspection completed today. Provider has no children currently enrolled in her program. As provider had no children enrolled, specialist went over all regulations with her in great detail with extra time spent on safe sleep, administration of medication, supervision, and notification of change. Discussed: application process for substitute/assistant. Provider's dog was also present and provider was able to show specialist she has various crates throughout the home for him in the event children enroll. ****No violations observed during today's visit****

IMPORTANT NOTES

* It is the provider's responsibility to ensure compliance with all local codes and/or ordinances applicable to single and multi-family dwellings. This includes but is not limited to renovation, construction or expansion of the facility as well as the installation of a swimming pool or auxiliary heater.
 * Only the regulations marked as compliant or non-compliant were monitored or discussed.
